OBJECTIVE

To enhance my programming, communication and teamwork skills and thereby gain experience in data science, Machine Learning and software development abilities working on challenging tasks.

EXPERIENCE

PRICEBOARD.IN | DATA SCIENCE AND DEVOPS INTERN

May - July 2016, Dec 2017 | Guwahati, Assam

- Contributed and monitored the open source project **AWS-ELK-BILLING** ([click here](#)), and was able to get over 100 stars in github in less than 2 months.
- Used Docker architecture to construct the entire stack for the project.
- Worked on elasticsearch to increase the product search accuracy and also implemented Machine Learning to make email-recommending system.
- Parsed and Scrapped data for Analysis and Machine Learning from various e-commerce websites like flipkart, amazon, snapdeal.
- Got familiar with test driven development and also applied continuous integration using TravisCI which improved the development time and accuracy.
- Tried Product Categorization using TensorFlow and Neural Network to categorize e-commerce products.
- Feature engineering to extract suitable data from the pool of huge database.

COMPUTER SCIENCE SOCIETY, NITS | TEACHING ASSISTANT

Aug 2015 - present | Silchar, Assam

- Supported over 50 first year students with C/C++ programming language under the direction and guidance of teachers, using lectures and assignments.

HACKERRANK & HACKEREARTH | CAMPUS AMBASSADOR

May 2015 - present | Silchar, Assam

- Participated actively in these websites for Coding Competitions and other programming events to gain experience and sharpen my skills and Managed their official pages

TECHBHARAT & CSS, NITS | CO-ORGANISER

ETHICAL HACKING AND NETWORKING WORKSHOP

20-21 Sep 2014 | Silchar, Assam

- Aimed to raise awareness of ethical practices in the computer science field to fellow peers.

SKILLS

TECHNICAL

Most Preferred: C • C++ • Python
